Here's a simple block:

```
<div>  foo </div>
```

This should be a code block, though:

```
<div>
 foo
</div>
```

As should this:

```
<div>foo</div>
```

Now, nested:

```
<div>  <div>   <div>    foo   </div>  </div> </div>
```

This should just be an HTML comment:

```
<!-- Comment -->
```

Multiline:

```
<!-- Blah Blah -->
```

Code block:

```
<!-- Comment -->
```

Just plain comment, with trailing spaces on the line:

```
<!-- foo -->
```

Code:

```
<hr />
```

Hr's:

```
<hr>
```

```
<hr/>
```

```
<hr />
```

```
<hr>
```

```
<hr/>
```

```
<hr />
```

```
<hr class="foo" id="bar" />
```

```
<hr class="foo" id="bar"/>
```

```
<hr class="foo" id="bar" >
```
